MARRIED,-On the 27th inst. by Rev. F. C. Holliday, Mr. PHILIP PIATT, to Miss LAVINA BRADLEY all of this county.

If the statements we see in many of the papers, and the names of many highly respectable physicians and citizens of high standing, attached to certificates of the good effects of a medicine can be relied on, it seems to us the height of incredulity to doubt for a moment the intrinsic virtues of Dr. Bragg's Indian Queen Vegetable Sugar Coated Pills. Unlike most of names we find attached to certificates of this kind, its vouchers are found at home-physicians of high standingwell known to the community.

BRAGG'S INDIAN QUEEN VEGETA-BLE SUGAR COATED PILLS, The Great Popular Medicine Of the day---Vast amount used per month---The numerous and Wonderful Cures it effects--- Its Magical Effect upon Bilions Pevers, and Fever and

Ague--- Great Excitement among the Doctors! THE INDIAN QUEEN VEGETABLE SUGAR COATED PULLS are now admitted, on all hands, to be the most extraordinary and caluable medicine in general use. It not only acts as a specific son Bilions and Typhus Fevers, Chills and Fever, and Fever and Igue of the west and south, but in all discuses of debility, weak tomach, undigestion, loss of appetite, impurity of the blood, and all iseases prevalent in a western and outhern climate. Their great power consists in their peculiar effect upon all the organs of the ystem, and the rapid formation of new and rich blood, which they produce. In this hes the great secret of their success. They are aild and pleasant in their action, but searching and permanent in their effect; penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new sup-

ply of vitality and nervous power into all the machinery of life. The extensive popularity they have acquired allover the west and outh, ensures sales of at least 50,000 Boxes per Month, And we find it difficult, with our large force of hands, and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the demand in thirteen western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 seiling agents, and hosts of attentive correspondents in

all parts of the country, our medicine cures, per month, not less than 10,000 cases of Fever and Ague, one thousand of which have resisted all other treatment; 4,500 cases of Bilious Fever; 5,300 do of werkness and general debility;

2.500 do of various chronic diseases; 2,000 do of weak stomach and loss of appetite; 800 do of Dyspepsm; 1,200 do of Rheumstism; 1,000 do of Female complaints;

1,200 do of Ague Cake, or Enlarged Spleen; 1,500 do of Laver Complaint; 500 do of Scarlet Fever; 400 do of Typhus Fever; 300 do of Putrid Sore Throat.

This must appear almost incredible, but the numerous fetters from physicians, agents, and those who use the medicine, from allthe western and southern States, satisfy as that this is a moderate estimate, and that our medicine is rapidly taking the piace of the various sugar-conted counterfeits which are affout, and the numerous tonic maxtures, made wholly of quenine, which are imposed upon the public by manufacturers who live, nobody knows where! Dr. Bragg's famous Sugar Coated Indian Queen Vegetable Pills are of two sinds-the Cathartic and Tonic. The Tonic pills are peculiarly adapted to the quick and permanent cure of Fever and Ague, torpor of the Liver, and general delality. It is in Feverand Ague, Chill Fever, & ., that they achieve their greatest triumphs, It rarely requires over twelve hours; or more than ha f a lax of the tome pil's to break the car IIs and effect a permanent curewhich is rarely the case with the tonic mixtures of quintice, hawk . ed about the country by ignorant pretenders. Those who take

the tonic pills will never lorsake them. Who can wonder, then, that a medicine of such extensive popularity, and extraordinary virtues should cause Great excitement among the Doctors! The prejudices of physicians against their use are at last giving way to the play of reason, an i the convictions of every-day experience which they derive from their patients and friends who
